Attorney's Docket No.: 19330-002US1

Amendments to the Specification:

Please replace the abstract at page 1 with the following amended abstract:

(57) Abstract: Method of delivering compositions to organic substrates, particularly lumber. Method involves heating a target zone of the substrate and then applying the composition to the surface of the substrate wherein the temperature of the composition is lower than that of the target zone of the substrate. Compositions include biocidal, strength modifiers, waterproofing and ~~plymers~~ polymers.
